

The Northeast Wisconsin Chambers Coalition is conducting the 2010-2011 Fox Valley Wage & Benefit Study and needs your valuable input! This is a critical time due to changes in employment and the downturn in the economy to have accurate wage and benefit information available.

The project is a joint effort between the Fox Cities Chamber of Commerce and Industry, the Fond du Lac Area Association of Commerce, the Green Bay Area Chamber of Commerce, and the Oshkosh Chamber of Commerce. The Wage and Benefit Study is conducted annually to determine both salary levels and changes in fringe benefits offered to employees in the Fox Valley area. The Fox Valley Chapter of the Society of Human Resource Managers (SHRM) the Fond du Lac Human Resources Association (SHRM) and the Green Bay Chapter of the Society of Human Resource Managers (SHRM) are all providing their professional expertise in updating the benefit survey.

The surveys are conducted online and participants are given access to tabulation sites after entering data. An updated and streamlined wage survey allows for easier data entry for all participants, including the ability to upload spreadsheet wage data.

By participating in this project you not only get a discounted price; but you also receive the timely compiled information of regional wages and benefits. The most important part of this survey is gathering the valuable information. This cannot be accomplished without your participation. All survey information is kept confidential and used only for compilation purposes. If you are not the appropriate person in your organization to respond to this information, please pass it on to the correct individual.
