The opening address will be delivered by Dr. Larry Sabato, a highly respected commentator on the United States Congress, and Washington in general. He has proposed a series of basic reforms to

focus Congress and the Presidency on policymaking by getting elected officials away from perpetual campaigning that currently drives fiscal policy and lawmaking in Washington, D.C.

The keynote address will be given by Stuart Varney, a veteran business journalist who serves as a business contributor and substitute host for FOX News Channel's "Your World with Neil Cavuto." Varney will share his most pivotal reminder: America, and only America, has the flexibility and confidence to lead the world out of the financial crisis and come out stronger than ever.

Other speakers invited will be Governor Scott Walker, Congressman Paul Ryan, and New Jersey Governor Chris Christie.
